Explore from a local's viewpoint

Travel like an insider, not a tourist.

"It's the best job in the world" says California-based Maritza. Her role as Travel Experience Developer for Trafalgar sees her days filled with finding *"the coolest of local characters"* and experiences that don't exist on the tourist map, and she's here to share some of her favorites that you'll enjoy on our tours from new angles on the big sights to the hidden secrets behind the scenes - all part of the Trafalgar difference.

I've always been inquisitive and interested in people and places so this job is a natural fit for me. I'm lucky to have the freedom and support to not only use Trafalgar's decades of connections (we've been around since 1947!), but I am encouraged to explore non-conventional avenues, like following a lead from an article or a documentary.

I look for what doesn't fit into the traditional travel experience mold and create something that does. What sets Trafalgar apart is that so much of what we do is about people. You won't just go to a destination and view the locals doing what they do. Take meeting the Tico family in rural Sarapiquí, Costa Rica at their heart of palm plantation. Their property isn't signposted, but

what awaits you are the most warm and welcoming locals you'll ever meet. You're handed a fresh coconut and shown around their ranch, learning how the heart is extracted from the palm before sampling local dishes featuring the heart of palm, including ceviche and picadillo. Guests leave feeling like they've been part of a Costa Rican family, having conversations and learning from people they would have never otherwise met.

"I'm proud to be part of a brand that provides a platform to local voices that have traditionally remained unheard."

- Maritza

A passionate host, good location and being hands-on - that's how we deliver the magic. Traveling is so much more than just going to a beautiful destination...and with us of course you'll get a great picture at the places you visit (and we'll show you some extra special angles, even on the big sights!) but getting fully immersed gives our guests so much more from their travel experience. For example, all our Be My Guest experiences (p.12-14) are crafted exclusively for Trafalgar. Experiences like Nambe Pueblo (p.39), Lakota Youth Development (p.47), Landsowne Plantation (p.65) and Swore Farms (p.43) are just a few.

Listing a favorite is impossible, but a few of my top picks would be... Canada, at our Pinnacle Hockey experience (p.79) guests learn secrets of the game from a professional coach and retired player. You don't just listen to the coach, you get to try on full hockey gear, grab a stick, hit the ice and take some shots. There's nothing more Canadian than hockey and our guests love it.

- In Banff, **Mahikan Trails Indigenous Experiences** (p.75) is an opportunity exclusively for our guests to sit down with a Cree guide and learn the meaning of Buffalo to First Nations' culture.
- Our **Cash-on-Cash experience** (p.65) at Nashville's Studio B includes a private performance with one of Johnny's family members. It's an amazing first-hand look into the life and music of Johnny Cash.
- And at **Durham Bison Ranch** (p.49), one of the world's largest and oldest working buffalo ranches, both kids and the young at heart are blown away by life on a real working ranch.

The moment you get your first glimpse of the four presidents on Mt Rushmore you'll appreciate the scale and size of this bucket-list site. Let our team show you not only the facts but the little-known secrets of the people who created this iconic monument. *Western Frontiers* (p.50), *Scenic Parks Explorer* (p.52), *National Park Wonders* (p.44), *National Parks and Native Trails of the Dakota* (p.46) and *Wild West Cowboys & Buffalos* (p.49)

A woman with long dark hair, wearing a tan leather garment with fringes, is playing a large, round drum. She is holding a wooden mallet and striking the drum. The background shows a wooden structure, possibly part of a traditional building or a stage. The lighting is warm and natural.

Relax with everything taken care of

Your on-road team takes care of all the logistics, bookings, transport and insider knowledge of each destination you visit - so you can enjoy your vacation without worry or stress.

"It's incredibly fulfilling to hear guests tell me that if they hadn't traveled with us, they never would have learned or experienced as much as they did in their time with Trafalgar." Meet Todd, one of our Travel Directors who shares his passion for travel that is commendable – and contagious.

I make it a point to travel overseas every year, and creating and managing the logistics of the journey is actually half the fun for me! I also love digging into the details of how to maximize each moment -- while also making sure I can sample as much of the local food and craft beer as possible! I deploy this skillset on my Trafalgar tours in the States, so you always get the maximum out of your vacation.

I do everything I can to make sure my guests enjoy a hassle-free vacation. Daily schedules are planned to get the most out of each destination, and I'm quick with a suggestion of regional food and drinks that our guests might not know about. That way, when it's time for your travels, everything is smooth and easy.

We deliver many deep, local experiences you just won't get with other companies. Sharing our exclusive Be My Guest experiences, such as Happy Girl Kitchen in Monterey, California is one of my favorite parts of the job. Local couple Todd and Jordan invite us into their fruit and pickle canning café to pour us California wines and beer alongside a family style banquet. This delicious food and real hospitality is a combination that can't be replicated if guests were traveling on their own.

"Learning the history and stories of the people we visit gives me a better understanding of who they are and how to appreciate their contribution to the world - I love sharing this with you."

- Todd

I've even been honored to help with a Grand Canyon proposal and several Las Vegas weddings! Luckily, as a Travel Director I have access to notes and requests made before and during the trip. I then use those to help coordinate a reunion with local family, locate a specific shopping request or surprise a partner on a birthday to bring some extra fun to the journey. It's an honor to not only create but to personalize each of our guests' experiences.

It's always rewarding to hear how much our guests loved the sights and flavors of our trip. For me though, the best feedback is from those who also appreciate how much they learned about the people and are excited to learn more about them when they get home.

Getting you from A to B with ease

Our trips are crafted with a variety of transport options to ensure that the journey is as good as the destination. Our luxury coaches feature reclining seats and large windows to take in the views, WiFi, air-con, filtered air and on-board bathroom facilities, USB chargers and more.

Rest assured your Driver knows how to get you from A to B without worry, while knowing the best places to park to get you where you need to be, and take care of it all.

We also take your luggage from the coach to your hotel door, and bring it back on the coach when it's time to go.

WE MAKE TRAVEL MATTER[®]

OVER A DECADE OF POSITIVE IMPACT.

We know you have a lot of choices when it comes to your travels. Know that when you choose a guided vacation with Trafalgar, not only are you choosing a trusted travel provider that takes care of every detail, more importantly, you're choosing a company that makes a tangible, positive and lasting impact.

Travel as a force *for good*

Alongside our The Travel Corporation (TTC) sister brands, we're proud of more than a decade of championing travel to make a positive difference on the destinations and people we visit, and the wildlife we encounter along the way.

"Travel is an incredible gift. It opens our eyes to unique cultures and the captivating beauty of the natural world. But we believe that with this gift comes a responsibility – and we aim to protect the world as we know it for future generations." Meet Brett Tollman, Eco-warrior & Chairman of Trafalgar and The Travel Corporation. His vision to MAKE TRAVEL MATTER® saw the inception of the not-for-profit TreadRight foundation in 2008. Since then the company has made, and continues to make, a positive difference to people, the planet and wildlife.

Why is Sustainability so important to Trafalgar and its sister brands within The Travel Corporation portfolio?

Doing business the sustainable way isn't a luxury. It is a necessity. If we don't address the climate crisis our planet is facing, the consequences will be calamitous. As a trusted and respected industry player with a global footprint, we don't shy away from this reality but rather embrace our responsibility to address it and other challenges faced by our business. This is why we publicly and transparently share progress on an annual basis through our impact report.

How are you addressing sustainability at Trafalgar and TTC?

For over a decade we have been committed to MAKE TRAVEL MATTER®. We do this in two key ways, as a business we pledge to be conscious at all levels of our organisation – from the offices we work, to the trips we deliver thanks to our 5-year How We Tread Right Sustainability. Alongside this, our not-for-profit TreadRight foundation invests in nature based solutions to tackle climate change.

What more can you tell us about the efforts of TreadRight?

TreadRight has supported some 60-plus sustainable tourism projects worldwide to date. Support is provided through donations and grants to leading partners across the sustainable travel spectrum. Current initiatives include Rainbow Railroad, Project Vesta, GreenWave and The Tourism Pathways Project. And our newest partner is Trees For Life in Scotland, dedicated to harnessing the power of the Scottish Highlands as a nature based solution to climate change. This is just yet another wonderful initiative we're proud to support, especially as it is a favorite destination among our guests.

WE MAKE TRAVEL MATTER®

A blueprint to *change*

Our 5-Year Strategy, How We Tread Right.

Our sustainability strategy, How We Tread Right (HWTR), is our guiding light on how we run our business and how we travel. It is based on 11 measurable goals anchored to the United Nations Sustainable Development Goals (SDGs), which address the issues of climate change, sustainable food production, waste reduction, travel experiences, diversity and inclusion and wildlife. Here are just 3 of the 11 core focuses:

1 On the road to net zero emissions by 2050.

You can travel knowing that our 4-point action plan is guiding us towards net zero, or near zero emissions by 2050. As the only tour company with an internal carbon fund to transition to low carbon, backed by validated near term, long term and net zero targets, we are dedicated to reducing our carbon footprint and restoring nature's ability to respond to the climate crisis.

2 Diversity, equity and inclusion the foundation of meaningful travel.

We don't travel to experience sameness – we explore to meet different people, hear new perspectives and experience new places. To us, DEI is much more than sustainability, it's how we operate as a business. From taking concrete actions to increase diverse representation across our teams to targeted partnerships to directly support underrepresented communities, DEI is engrained in our day-to-day at all levels of our business and across all countries.

3 Every tour has at least one Make Travel Matter® Experience included.

Every one of our tours has at least one immersive impact experience that gets you up close and personal to making a positive difference through advancing one or more of the United Nations Sustainable Development Goals (SDGs). See just a few of the many experiences featured on this page and look out for yours on your preferred itinerary.
